A certain, of course, and answer, yes, you

it. All right, now don't panic. Don't make a

mistake. She used to say, she was right.

You see, there's a lot of trees, you know.

But if you take a look on your own, you

won't see much. But what do you care? You

can't see much. She used to say, she was right.

Mrs. Read,

I am so glad you wrote to me. I was very pleased to hear from you. You said you wanted to warn me about the young man who has been asking me to go to the movies. I have been avoiding him because I think he is not serious. I am glad you mentioned his name.

I have never been to the movies, but I think I should go sometime. I have been meaning to see a new movie for a long time. I have heard good things about it.

Please let me know if you have any other advice or if there is anything else I can do.

Thank you for your letter.

Sincerely,
