FOLKMINNESARKIV.

1971.
Dear Mr. Hitchcock,

I am writing to express my strongest objection to the proposed move of the library. The current location is not only convenient but also an integral part of the community's cultural heritage. The library serves as a cornerstone of knowledge and a beacon of enlightenment for generations of students and researchers alike.

The proposed move would disrupt the existing balance of the city's neighborhood, leading to a loss of character and accessibility. The library's presence in its current location is a testament to its commitment to serving the community.

I urge you to reconsider this decision and find an alternative solution that respects the library's historical significance and its role in the community. Your thoughtful consideration in this matter would be greatly appreciated.

Sincerely,

[Your Name]
