with love on this day,
since it's a true love and our only
true wealth. We know that life
is hard, but we try to keep our
feet on the ground and our eyes
open. We know that life is
beautiful, but we also know that
it can be challenging. We try
to find joy in the
simple things,
like spending
time together.
In our
country,
people can be
warm and
true.

Yours sincerely,
